DISMATEC Limited

Glass Plant Engineering Worldwide.

Description:

DISMATEC Limited, based in Sheffield, England, is a Glass Plant Engineering company, founded in 2004 to provide the Customer with a direct contact for all their project "needs" and "wants".

The Company holds a presence in the international glass industry and for this work has been awarded with two esteem accolades. The first being 'The Most Improved Exporter' from Yorkshire Forward and UK Trade & Investment Going Global Awards and the second being 'The Queen's Award for Enterprise – International Trade 2014'.

We retain a wide range of knowledge and experience gained over some 35 years, working in the Worldwide Glass Industry, from scheme preparation to project execution and final hand-over to the Customer.

For all Glass Plant Engineering requirements DISMATEC are able to provide;

- Technical and practical solutions
- 'Think-on-the-spot' to overcome problems
- Adapt to project deviations to reach an acceptable conclusion
- Realisation of technical and commercial criteria
- Deliver projects to a given time schedule and commercial brief
- Added value to the Customer

DISMATEC holds the unique status of a high level of Technical ability, backed with Practical experience, allowing realistic proposals to be tabled for selected projects or problems our customers may encounter.

We adopt the correct attitude and direction to enable us to give the Customer a first class service and quality product, with the end goal in mind of achieving the satisfaction of a successfully completed project.

Our strength is the ability to provide a total solutions and systems supply, meeting Customer needs, and to be able to integrate into an organisation with minimum disruption of the normal day to day activities.

Our approach allows the Customer to concentrate on their core business, with the comfort factor and satisfaction of knowing that the project is being controlled and executed to optimum standards, and Customer requirements.
